My Project is **SHOPEWARE**. This is a website which helps people to find and buy all types Products On Internet. It is useful in the way that it make an easier way to buy and sell any products online. **SHOPEWARE** is an interactive e-commerce solution providing user with an opportunity to buy and sell Products. **SHOPWARE** also deals with new and old Products.

In this website we have basically 2 modules.
The first module includes the **customer** module andsecond module **admin** module.
